We have been experimenting with the video recording and webcasting of the London technical papers presented at 1 Birdcage walk in conjunction with our hosts, the Institution of Mechanical Engineers.

A number of lectures, including the President's address in April 2009 have been recorded and can be seen on the IMechE's web-site:

<http://www.playitback.org/default.aspx?chl=23>.

This is a temporary arrangement, and we will be hosting the broadcasts on our own web-site during 2010 when we further upgrade our own site.

The Council hopes that members who are unable to travel to London for the meetings will find the web-casts useful, not only to see the actual presentations but also to hear the discussion afterwards.

The Editorial Team of the IRSE NEWS along with the Institution want to wish the members and the readers of this publication a Merry Christmas and a Happy New Year.

We all look forward to a prosperous New Year both within the Institution and the Railway Industry as a whole.
