North American Section Annual General Meeting And Conference

This Years Topic:
PTC Implementation

May 17th, 2010

1:00 pm

*Omaha, NE
at RSSI!*

In addition to the conference, the IRSE will sponsor a technical visit to the Union Pacific's modern high speed interlocking located at Missouri Valley, IA., where the busy Boone, Omaha Subdivisions intersect.

Passenger, Freight and Shortline, All are welcome!

Visit our Booth at RSSI show for more details on Membership in IRSE

The Institution Of Railway Signal Engineers offers an international professional organization for the exchange of information and technical training.

Our annual conference, held in conjunction with the Railway Systems Suppliers Inc. Trade show offers C&S Engineers the opportunity to interact with industry leaders in the field.

Conference Topics Include:
1:00 pm May 17th

- 1 AAR/ITC Update
- 2 Reliability in WIU's
- 3 Standards for PTC
- 4 Risk Assessment
- 5 Testing and Maintenance

8:00 am May 20th
Field Trip on the Union Pacific!
